

Topic: Mixed media Volcano Year 3

What I should already know

I know the primary colours are red, blue and yellow.

I know secondary colours are made from mixing together primary colours

Key Knowledge

Mixed media artwork is made by using a range of materials. An example could be drawing with ink, painting over it with watercolours, then add

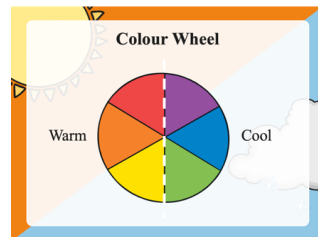

some highlights in coloured pencil.

The most common (artistic) media include:

- Acrylics
- Watercolour
- Ink
- Pastels
- Coloured pencils
- Watercolour pencils
- Permanent markers
- Brush pens

This is the colour wheel. Red, orange and yellow are called warm colours and purple, blue and green are called cool colours.

Vocabulary

Draw	Making lines on paper
Design	A plan or pattern
Create	Make something
Sketch	A rough drawing
Tone	lightness or darkness of a colour
